Sustainable Development at Laufenberg

Sustainable Development Goals

- In September 2015 more than 150 countries committed themselves under the United Nations Agenda 2030, to ensure a life in dignity for all people by 2030.
- The 17 Sustainable Development Goals (SDGs) serve as a guidepost for this. The SDGs stand for a world without extreme poverty and famine, for contained environmental risks and a globally appropriate climate.

SUSTAINABLE DEVELOPMENT GOALS

Laufenberg sustainability goals

- We all bear the responsibility to achieve the Sustainable Development Goals.
- Also at Laufenberg we want to contribute to this.
- Therefore we have identified **four sustainability goals** that are of particular relevance to Laufenberg and where we can make the greatest contribution to global goal achievement by supporting these:

Goal 8. Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all.

Goal 12. Ensure sustainable consumption and production patterns.

Goal 13. Take urgent action to combat climate change and its impacts.

Goal 17. Strengthen the means of implementation and revitalize the global partnership for sustainable development.

SUSTAINABLE
DEVELOPMENT
GOALS

Laufenberg is committed to a continuously improving and more sustainable future and takes responsibility

*for all employees

*for the entire value chain of products

*for our planet

8 DECENT WORK AND
ECONOMIC GROWTH

Our contribution:

In everything we do, we prevent or minimize **human rights and environmental risks**.

The **Supply Chain Sourcing Obligations Act (LkSG)** governs the corporate responsibility for the compliance of **human rights in global supply chains**.

It engages companies to **respect human rights** by implementing defined due diligence.

8 DECENT WORK AND
ECONOMIC GROWTH

Our contribution:

- *The reliable design of a sustainable supply chain.
- *Laufenberg will apply the LkSG in 2024: from the risk analysis to the holistic implementation.

12 RESPONSIBLE
CONSUMPTION
AND PRODUCTION

We continuously develop products with **defined sustainability benefits**, enabling our customers to improve their **carbon footprint**.

Our contribution:

- * 90% PEFC/FSC certified paper products by 2025
- * 92% sales with sustainable products, of which 25% with recycled content, by 2030
- * Reduction of indirect specific CO₂ emissions (Scope 3) by at least 20% by 2030
- * PCF (Product Carbon Footprint) with a simple click by 2030

Continuous innovation and investments in **economic and resource-efficient technologies**.

Our contribution:

By 2030 at the latest, we will

- * at least halve our specific CO₂ emissions (kg CO₂e/t)
- * reduce absolute emissions (kg CO₂e) by at least 30% (Scope 1&2).

By 2024:

- * Energy values of production live in ERP
- * Creation of a concept for green electricity
- * Reduction of air travel

13 CLIMATE ACTION

17 PARTNERSHIPS FOR THE GOALS

We strive for a responsible and sustainable procurement of our raw materials.

Our contribution:

- *By 2030, 95% of our spending is to go only to suppliers that are Ecovadis or comparable certified.
- *We expect our partners to also contribute traceable achievements towards climate goals.
